OMEGA CRAG

Book three in Zahra of the Uwharries series

by MICKI BARE

Zahra isn't just any fairy. She's The Convener who, at age 12, must bring together the Trilaterian—three special fairies who were born to save the future of scraebins. When ground-dwelling Rain Flowers throw her off track, jeopardize her life, and displace the Birkhead Wilderness Colony of scraebins—including her own family—she must find a way to reset the balance of nature with help from Sentinelia, other fairies, and her heart animals. Set in the Birkhead Wilderness of the Uwharrie Mountains in central North Carolina, Omega Crag is the third book in the award-winning Zahra of the Uwharries series that chronicles Zahra's unique and critical role in saving her species.

Micki Bare is a graduate of NC State University. Her career in education spans three decades, with service as a teacher, administrator, and marketing director. She is the author of three early-reader children's books, was featured in two anthologies, and wrote a human interest column for 18 years. Her first middle-grade novel, Society of the Sentinelia, won the 2022 AAUW NC Young People's Literature Award and was a 2023 Green Earth Book Award long-list nominee. Book two in the Zahra of the Uwharries series, Blind Fairy, won the 2023 AAUW NC Young People's Literature Award. Omega Crag is the third of five in the series. She loves to write, garden, cook, and hike. She and her husband reside in Asheboro, NC.
